10:00 AM Dale Little re: Six-Mile-Slough and area Concerns

A group of landowners got together last Thursday to discuss the Six-Mile-Slough. They felt the priority should be to get the water to run southeast but work should commence at the Oak River and work their way back to the slough to insure the flow works. Tentatively the landowners are in agreement with this idea. There should be a survey done from the Oak River to the Slough. This would allow for proper design and licencing of the project. Council discussed the issue with Dale and thanked him for his time. Council agreed to get back to him with a decision.
