

TOWN OF HAMIOTA

Minutes of the 3rd Special meeting of the Council of the Town of Hamiota held on Friday, June 14, 2002 commencing at 9:30 am. Mayor Robertson and Councillors Briggs and Rothnie were present with the Mayor in the Chair. This meeting had been called by Mayor Robertson to meet with the Department of Highways regarding the upgrading of PTH 21.

Mr. Doug Struthers, Brian Little and Denise Jubenville from the Department of Highways attended the meeting. They showed Council drawings of the proposed upgrade to the Highway, which included curbs and computer generated drawings showing how large trucks would be able to enter and leave all businesses along the Highway. They also briefly discussed with Council the re-routing of Maple Avenue West. The proposal would be to bring Maple Avenue further south so that there would be a ninety (90) degree corner at the intersection. In order for this to happen the Town would have to acquire the property, remove the building, and obtain an environmental clearance from the Department of Environment. The Department of Highways would then be prepared to do the actual road construction and re-paving Maple Avenue West.

After considerable discussion the Department of Highways employees left to go and meet with the affected property owners from the corner of PTH 21 and Maple Avenue.

There being no further business the meeting was then adjourned.

MAYOR

CHIEF ADMINISTRATIVE OFFICER
