5. Delegations:**- 7:15 P.M. Roger Pope and Doug Cuming; Hamiota Golf Club**

The executive of the Hamiota Golf Club has put together a Business Plan to completely retrofit the golf course. There is more competition for business and Hamiota needs to upgrade in order to keep up. A design has been completed and there will be a Special meeting on January 31, 2005 at the Community Centre to discuss the proposal and have the membership vote on the proposal.

The work would commence in Mid August 2005 and be completed May/June 2006.

In order to see the work get underway the executive will be looking to the membership for a loan or donation to the project.

The executive would like the Town's moral support and permission to remove soil from the land immediately south of the golf course which is owned by the Town and currently rented by the golf course.

A brief discussion ensued and council indicated they would make a decision on the requests prior to the January 31, 2005 meeting of the membership.
